The 2024 Buyer's Guide to Spiritual Education

Protecting Yourself in the Digital Age

When prospective students ask, **are expensive astro courses worth it**, they must first examine the industry's dark side. The rise of **astrology course scams online** has made it difficult to find authentic Jyotish teachings. Many platforms lure students into a **lunar astro deceptive course** using aggressive marketing. Before enrolling, it is crucial to read **lunar astro course reviews and complaints** to understand the reality of the curriculum. Often, students discover **hidden costs in online astrology courses**, such as mandatory software or expensive gemstone remedies. Furthermore, many of these programs issue a **fake astrology certification** that holds no value in the traditional Vedic community.
